

AIRMODUS

We are now offering "**dualCPC**"; Capability to measure PMP23- and upcoming PMP10 compliant particle number measurements with one CPC!

installation

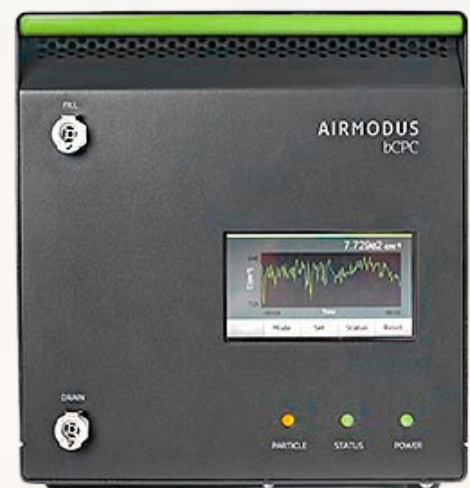

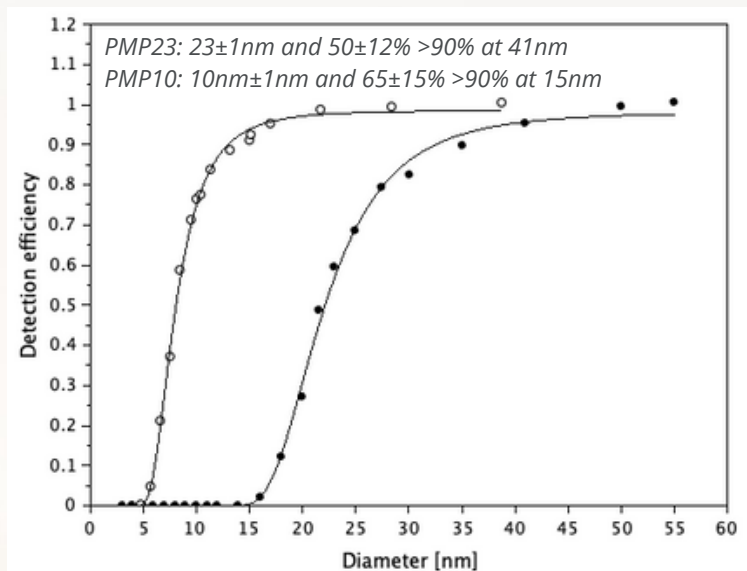

✓ **lab / stationary**

compliance

✓ **PMP23 & PMP10**

cost

✓ **1 CPC + extra calibration**

A23 bCPC is a one flow (1lpm) butanol-CPC with high counting accuracy. Switch between the calibrations by sending a serial command through the controlling software (R232 / USB) or via touch screen of the CPC.
